

Change POS, Price Sign, & Pump. Automatically.

Worried about out-of-sync pricing?

Price changes running you ragged?

Skyline and Radiant systems working together.
Maximize your existing technology.

**ELIMINATE RISK OF
OUT-OF-SYNC PRICING**

**INTEGRATE YOUR
EXISTING DEVICES**

Increase profits, reduce human error and optimize your existing technology by bringing together your Skyline electronic price sign and Radiant Point of Sale system.

We work the way you work. With Skyline, you choose how you want to work with your Radiant Point of Sale system.

Price Sign Interface

- Change prices at your Radiant POS and Skyline Electronic Price Sign automatically.
- Eliminate the risk of possible out-of-sync pricing.

PriceAdvantage Integration

- Change prices at your VeriFone POS, the pump, and the sign — automatically.
- Get the right price to the right store at the right time, every time.

Skyline PriceAdvantage provides a fast, reliable, easy to use solution with Radiant Systems for pricing fuels — from office to POS to sign — in one step.

— Linda Gysin, Executive Assistant and Community Development, Spinx Company, Inc.

OPTION 1

Skyline and Radiant Interface

Change prices at your Radiant POS and Skyline Price Sign automatically — from the store.

Supports Radiant V6.8C1 and later. Supports both scroll and LED Skyline signs.

OPTION 2

PriceAdvantage Integration

Change prices at your Radiant POS, the pump and electronic price signs — from headquarters.

Supports Radiant V6.8C1 and later. Supports both scroll and LED Skyline signs, and other electronic signs.

Either way...

- Spend more time with your customers.
- Have happier, more strategic store managers.
